

User Prompt

Has Religare or Indraprastha Gas assessed ESG performance across their key suppliers? What % of suppliers were covered?

Agents Conversation History

Sub-question 1: subquestion = Has Religare assessed ESG performance across its key suppliers? What percentage of suppliers were covered in the assessment?

worker_agent: answer = It seems that the provided information chunks do not contain any relevant data regarding whether Religare has assessed ESG performance across its key suppliers or the percentage of suppliers covered in the assessment.

If you have access to Religare's BRSR, GRI-standard sustainability report, or any other relevant XBRL datasheets, please share specific data, and I will help answer your question comprehensively. Alternatively, you may need to look directly into Religare's sustainability reporting documents for this specific information.

Sub-question 2: subquestion = Has Indraprastha Gas assessed ESG performance across its key suppliers? What percentage of suppliers were covered in the assessment?

worker_agent: answer = It seems that there is no specific information provided within the relevant data chunks to directly answer the question about whether Indraprastha Gas has assessed ESG performance across its key suppliers or the percentage of suppliers covered in the assessment.

If you have access to Indraprastha Gas's BRSR report, sustainability report, or other relevant documents, I can help analyze and interpret the data to address your query. Alternatively, you could provide additional data chunks or context to help refine the answer.

Director Response

Based on the information available, neither Religare nor Indraprastha Gas has documented their assessment of ESG performance across their key suppliers, nor is there any data indicating what percentage of suppliers might have been covered in such an assessment. The provided details do not include specifics about supplier-level ESG evaluation for either company.

Key Points:

• Religare:

- No information is available about ESG performance assessments of key suppliers.
- Percentage of supplier coverage for ESG assessments is also not documented.

• Indraprastha Gas:

- No documentation or data is provided on ESG assessments for key suppliers.
- There is no mention of supplier coverage percentage in ESG evaluations.

Summary:

Neither Religare nor Indraprastha Gas has reported any ESG performance assessments for their suppliers, nor is there any data on the percentage of supplier coverage in such assessments within the available information.

If you want to explore related topics, you could ask:

1. Does Religare or Indraprastha Gas report on other ESG indicators, such as carbon footprint or water usage?
2. Are there details on how these companies manage supplier relationships in terms of ESG compliance?
3. What frameworks (like BRSR or GRI) do these companies follow in their ESG disclosures?
